SUNDAY

Beat Drop 12-3 AM

hosted by Sudan Martin & Joe Sciallaba

Open up and let the hardest beats from coast to coast lift you from your seat. Hear all of the beats from **hip-hop** to **miami bass** to dance to the dirty south, to the Westside. If it's made to be played at high volumes, you'll hear on it on the Beat Drop. Finally, here is a radio show for the hip-hop lover who is tired of hearing the same thing over and over again. Here is a radio show for the music lover who wants to get up and let the music take over. So turn up the volume, pump up the bass and feel the beat

drrrrrroppppp....

Radiophonic Workshop 10-12 PM

hosted by Kate Stavola & Dan Langevin

"Kate 'n' Dano's Radiophonic Workshop, or 'How I Learned to Stop Worrying and Love the Used CD Store.'"

Well this is another fine predicament I've gotten myself into. Me, a college senior and my best friend, getting on the air and trying to figure out what the hell you want to hear. Well, if all else fails, why not play what we like and let you decide?

Well to tell you the truth, we were going to do that anyways. So if you don't like the best tracks from small, independant labels, with an occaisional mix of the best of other genres (including **Funk**, **R+B**, **Jazz**, **Industrial**, **Alternative Rock**, etc) then you can spend your Sunday mornings hiding under the covers trying to figure out the latest Celine Dion lyrics. Otherwise, come to our Workshop!

Las Chicachulas 12-2 PM

hosted by Alicia Calaf & Katrina Morales

If you love **meringue**, **salsa**, **Spanish hip-hop** and many other **Latin beats**, tune into our show! Artists to include... *Marc Anthony*, *La India*, *Thalia*, *Jerry Rivera*, *Ilegales*, *Oro Solido*, *Kinito Mendez* y mucho mucho mas.

Brad Mempe 2-4 PM

Bored on Sundays? Well, so am I. Listening to my show won't cure your boredom any, but it is a good way to kill two hours of the most lethargic day of the week. So tune in for good **jazz**, borderline slanderous commentary on the B&W, and an open forum on other Lehigh-related issues.

Falling out the Window 4-6 PM

Sit back and kick your feet up, and tune in your radio to the show of **alternative** and **ska** music. It's not left wing, not right wing, but just right [in the middle]. The best variety of music that there is. A strange mix, but it will work. Featured artists range from *Violent Femmes*, *Green Day*, and *The Offspring* to the *Beastie Boys*, *Devo*, and *Operation Ivy*. *Zany DJs*, those wonderful PSA's and a good time. You know where to find it.

In the Mix 6-8 PM

NYC's hottest new DJ, "Superman" Sloan, is back with his show, playing the newest in **hip-hop** with some **dancehall reggae** and blazin' **mixes**. You can hear songs before they hit the streets along with favorite party jams. Aspiring MCs can freestyle over the illest beats and heads can get the DL on the latest news and album reviews. The show also features some old school, early samples, remixes, and occasionally trip-hop and house. Tune in every Sunday night 6-8 PM to get in the mix.

Death Metal Music Massacre 8-10 PM

hosted by Killian O'Connor

"... and on the seventh day God finished his work which he had done, and he rested on the seventh day from all his work..." Genesis 2.2

... and while God was chillin', Satan arose from his underworld jacuzzi, and created "The **Death Metal** Music Massacre," and he made it dark and sad and chaotic - he saw what he had made and knew it was f*ckin' genius. And then Satan pissed-off back downstairs, before God awoke and kicked his evil ass.

Listen, for Satan's sake!
